Dear Mary,

Mohammed is coming to the mountain.

First Knoxville, then N.O. then Dallas, then home unless return needed to either of other places. Prob. stop Memphis bet. Knox. and N.O. Tentative plan leave a.m. 16 for Knox. Just realized this means I'll be away Thanksgiving. Leave for Memphis night 17 of a.m. 18 but don't know whether I'll have more than airport meeting until later.

This ribbon is worn out so I'll send you the worn-out carbon instead. It will be blacker anyway. I've wondered about going to Dallas before N.O. and am not certain. Anyway, above is now the tentative.

Jerry and I will be roommates in Knox. Like company I keep?

I hope I'm right in thinking your deer season is in now because one of the people I'd like to see there is a big deer hunter!.

If we're not in touch sooner, I'll call from N.O.

Hope you had a good Memphis visit.

Best
